

The University of Vermont

GRADUATE COLLEGE ADMISSIONS

Phillip Burnham
5 calarco Ct.
Burlington, VT 05401
USA

December 16, 2015

Dear Phillip:

I am pleased to inform you that your application for admission to the Graduate College to begin studies in Biology for the degree of MS has been approved for the semester beginning Fall 2016. Please consult the [Graduate Catalogue](#) regarding departmental requirements for advancement to candidacy.

It is the responsibility of each individual student to be familiar with the requirements and procedures of the Graduate College and with the specific degree requirements in the chosen field of study. It is, therefore, your responsibility to assure that you are in compliance with College requirements throughout your course of study and to consult the Graduate College Dean's Office whenever questions arise. While faculty advisors and study committees are provided to assist students in developing their programs of study and assessing progress in their programs, the Graduate College Dean's Office is the only office authorized to resolve questions concerning the interpretation of official regulations as stated in the [Graduate Catalogue](#), the official repository of College regulations.

We welcome you to the Graduate College and wish you success in your graduate studies. Please notify us of your decision regarding this acceptance by clicking on "Complete your decision response form" found in your application dashboard; this is required for registration purposes.

Sincerely,

Cynthia J. Forehand, PhD
Dean, Graduate College
Waterman Bldg, 85 South Prospect Street
Burlington, Vermont 05405
